

Driving Restrictions, Goods Transport Turkey

1. GENERAL DRIVING RESTRICTIONS

There are no driving restrictions on goods vehicles at weekends or on public holidays in Turkey.

2. SPECIAL LOCAL TRAFFIC RESTRICTIONS

Previous driving restrictions on bridges in Istanbul have been removed by opening the third bridge, Yavuz Sultan Selim in Istanbul, connecting Europe to Asia.

Heavy goods vehicles and buses have to use the Yavuz Sultan Selim bridge without any driving restrictions and are forbidden to use the other 2 bridges in Istanbul.

Vehicles that are carrying dangerous goods can pass the Yavuz Sultan Selim bridge under definite conditions and detailed information can be received by contacting Bridge Authorities.

All the information regarding prices, conditions, and contact information can be reached through the Yavuz Sultan Selim Bridge web site.
